MENA CENTER FOR TRANSPORT EXCELLENCE (CTE)

UITP MENA MEMBERS

MENA Center for Transport Excellence (CTE) launched in 2011 as a joint effort between Dubai's Roads & Transport Authority (RTA) and the International Association of Public Transport (UITP) to unify regional efforts to build sustainable transport systems in MENA countries.

DELIVERING MOBILITY SOLUTIONS

MENA CTE engages with decision-makers, international organisations and key stakeholders to promote public transport and urban sustainable mobility solutions. Through its research and training programs, it generates and shares cutting-edge knowledge and expertise and brings people together to exchange ideas, find solutions, establish partnerships and networks to support and advocate for sustainable urban transportation.

BUILDING KNOWLEDGE PLATFORMS

- Advancing your organizations' knowledge with international, practical and theoretical research on public transport
- Granting access to updated transport data on MENA Cities
- Addressing public transport knowledge gaps in the region

EXPANDING YOUR NETWORK

Meet people from different transport stakeholders worldwide

Discover and understand the jobs of the others in the public transport sector

INTEGRATING INNOVATIVE MOBILITY TECHNOLOGIES

MENA CTE aims to identify features, technologies, services and solutions that enable MENA cities to meet users' needs and preferences of urban transport, and help address societal changes.
