ADVANCING PUBLIC TRANSPORT IN MENA REGION
UITP (International Association of Public Transport) is the only worldwide network to bring together all public transport stakeholders and all sustainable transport modes.
With a strong presence among members in the Middle East & North Africa since the mid-1990s, our dedicated UITP MENA office was established in 2005 to provide opportunities for our regional members to reinforce their voice and involvement in the development of public transport on a worldwide level.

Significant investments in public transport projects show that the MENA region is witnessing a clear paradigm shift towards more public transport.

The UITP Mena office unites the entire supply chain of public transport players in the region.

UITP’s mission in the MENA region is to add real value to members’ daily operations, long-term policies and business expansions.

We are proud to be working with regional champions and supporting them with state-of-the-art knowledge exchange, advocacy actions, events and business opportunities.

“UITP has played an important role in the growing expansion of urban public transport for meeting mobility challenges in the MENA region. Dubai RTA values its partnership with UITP, contributing together to strengthen public transport in the region.”

Mattar Mohammed Al Tayer, Director General and Chairman of the Board of Executive Directors, Roads & Transport Authority, Dubai, UAE
FACTS AND FIGURES

UITP HAS BEEN ACTIVE IN THE MIDDLE EAST & NORTH AFRICA SINCE 1990

THE UITP MENA OFFICE NETWORK COUNTS 100 ORGANISATION MEMBERS

MORE THAN 2,000 PARTICIPANTS TO EVENTS AND TRAININGS

UITP MENA REGIONAL ACTIVITIES INCLUDE:

- Biennial UITP MENA Transport Congress and Exhibition
- Biennial UITP MENA Assembly
- Annual UITP MENA Bus Seminar
- Open house and workshops
- UITP MENA Bus Working Group

...and many more!
MENA Centre for Transport Excellence (CTE) was launched in 2011 as a joint effort between Dubai Roads and Transport Authority (RTA) and UITP to unify regional efforts to build sustainable transport systems in MENA countries.

The scope of activities of the Centre involve research and studies focused on high priority public transport issues in MENA and organising quality training programmes on public transport and sustainable mobility.

In today’s changing public transport landscape, developing the necessary skills and knowledge is critical for success. Employees must support, deliver and enhance services to ensure efficiency and sustainability. MENA CTE offers open enrollment and on-demand training programmes on key topics using world renowned experts and practical case studies.

- Access to UITP members list
MENA Transport Congress and Exhibition is a biennial event held since 2007. The key players of public transport sector come together to discuss the challenges and developments.

The UITP MENA Division aims to promote public transport throughout the region, to provide opportunities for members to share their experiences and to reinforce the voice and involvement of MENA on the development of public transport on a worldwide level.

Our world-class event reinforces all of these aims by bringing together the best minds from public transport to discuss the sector.

“UITP is a knowledge hub that brings together the biggest players across the globe to work together in shaping the future of urban mobility challenges that lie ahead.”

Eng. Khaled ALHOGAIL, Chairman UITP MENA Executive Board
MD - CEO SAPTCO Riyadh – KSA
UITP (International Association of Public Transport) is a passionate champion of sustainable urban mobility and is the only worldwide network to bring together all public transport stakeholders and all sustainable transport modes.
